FULL TIME BODYGUARD

intelligent pet tracker

Full system solution provider

Don't worry about pet loss or
accidental injury

Security and
intelligence pet tracker

REAL TIME
POSITIONING

Does not harm hair
and has strong air permeability.

It is not
easy to stick wool.

SMART TRACKER FOR PETS

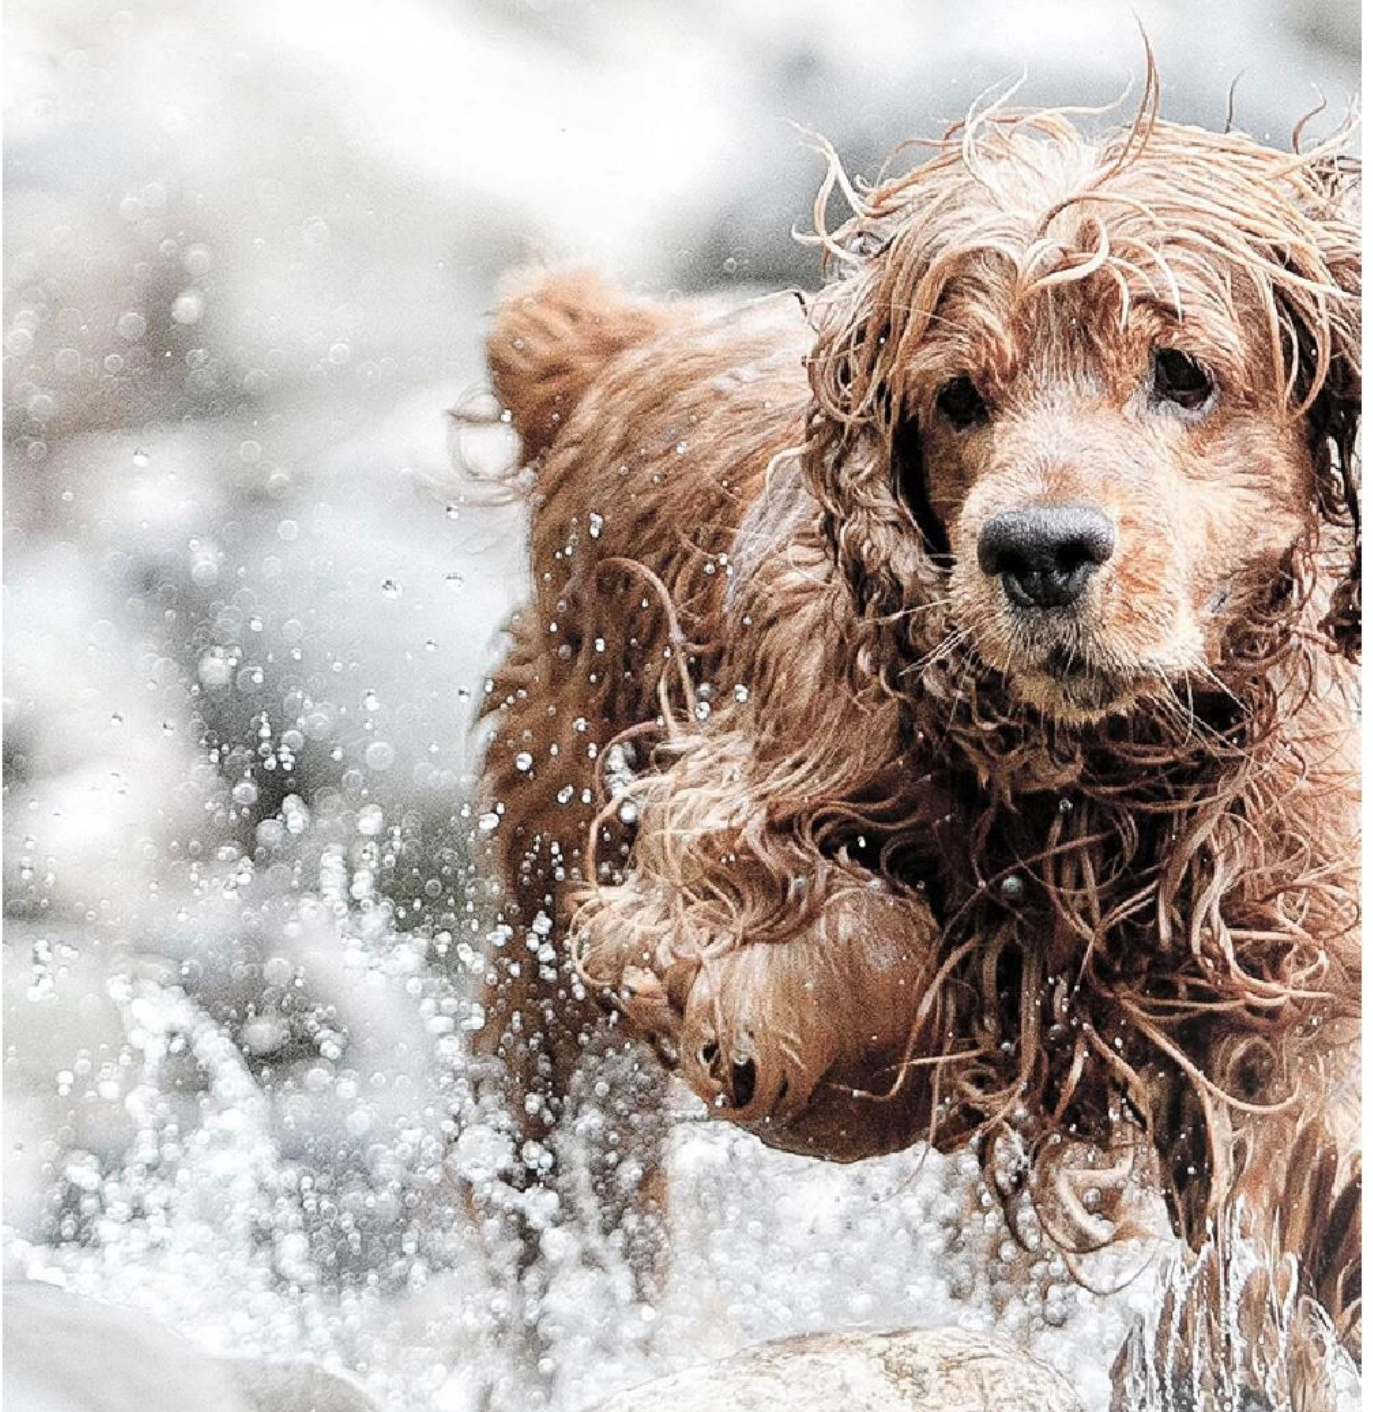

Pet's full-time bodyguard

TRACKER

Where are 90% going

Tens of millions of pets are lost or stolen every year around the world, only 10% of which are recovered by owners

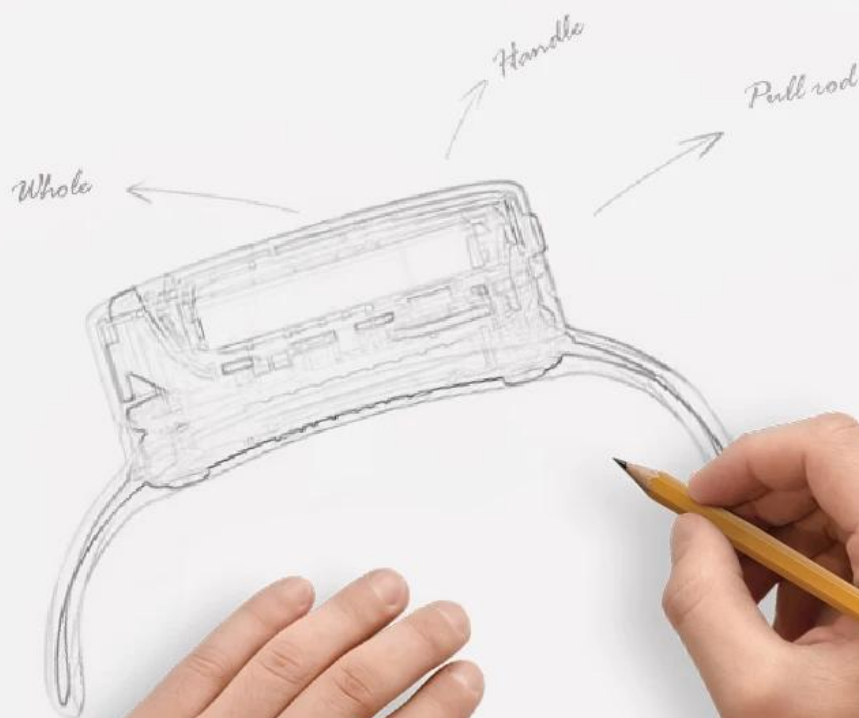

SMART COLLAR

Autonomous design

A pet intelligent collar independently developed and designed by OMNI intelligent

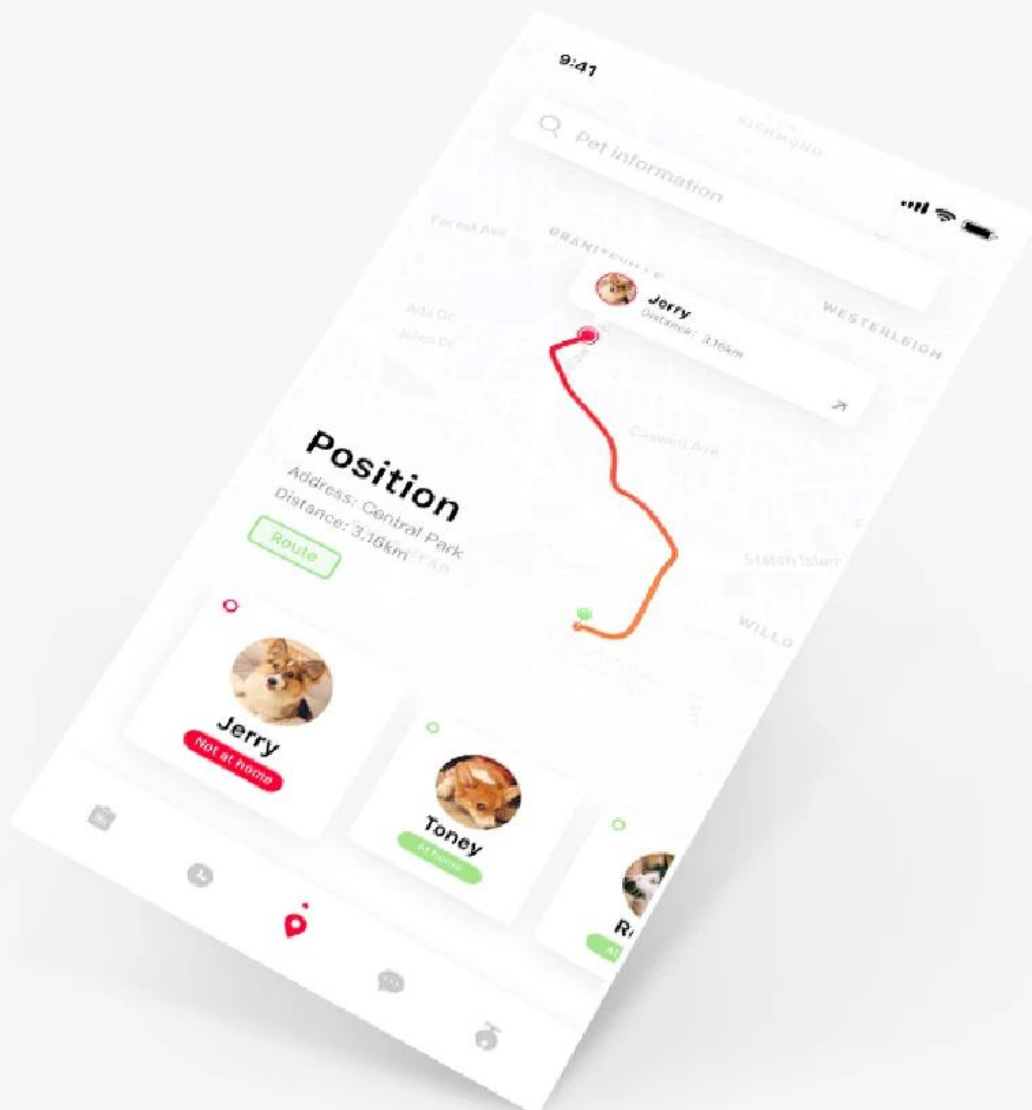

SMART POSITIONING

GPS positioning

GPS precise positioning, and can set a safe distance, pet out of bounds, alarm alert

MONITORING AROUND

GPS positioning

GPS precise positioning, and can set a safe distance, pet out of bounds, alarm alert

Efficient processing of smart chips

High precision, fast real-time precise
positioning

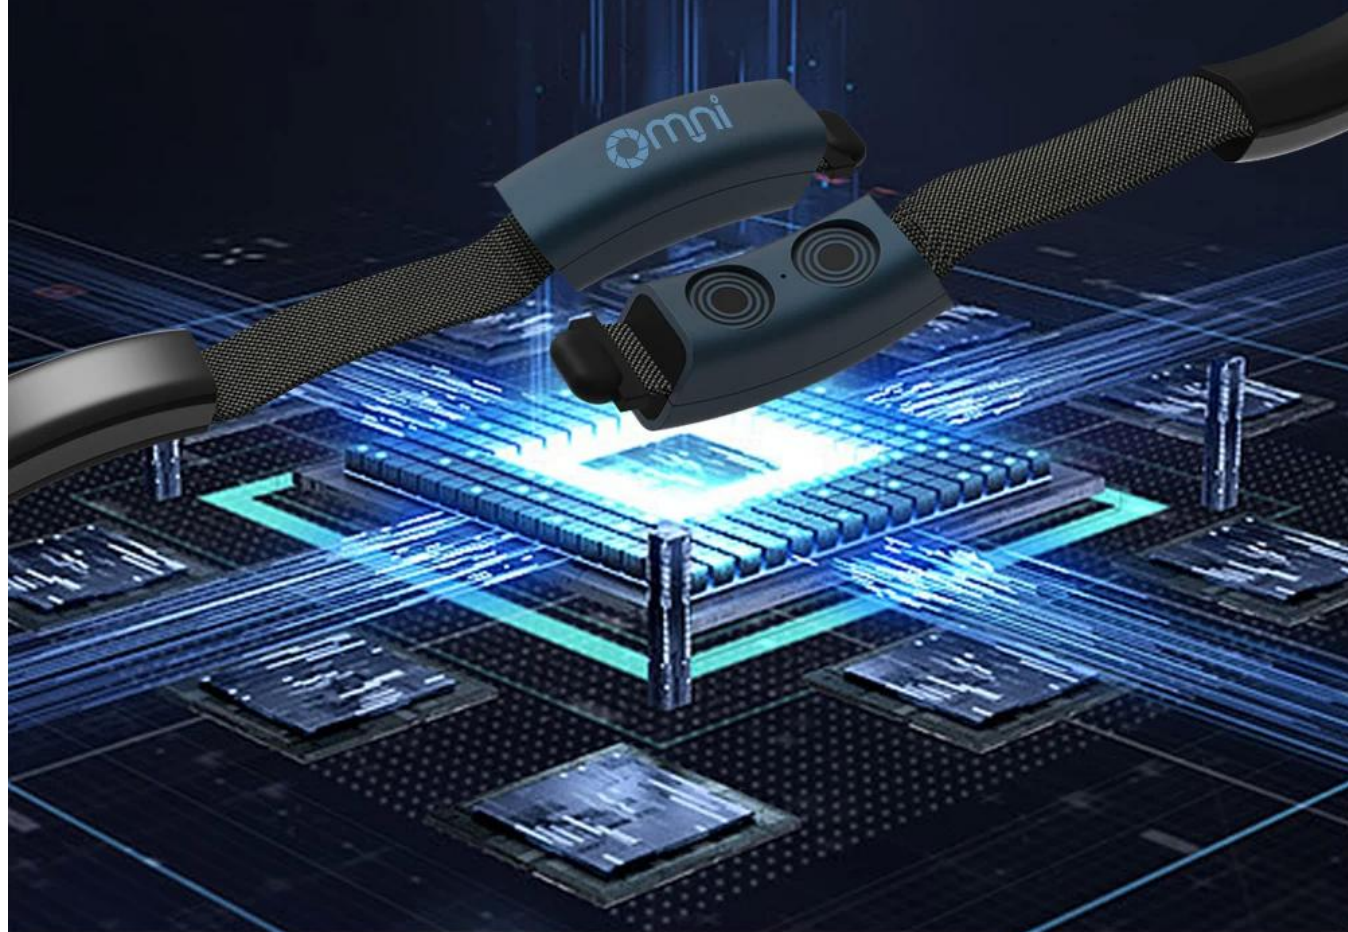

More accurate
positioning

Faster
processing

More stable
platform

MONITORING AROUND

PA composite

Composite material, wear resistance 3 times more than conventional PET ring, good air permeability, sliding clasp, adjustable according to pet

ADVANCED BATTERY

Super power endurance

Two hours of fast charging, a single battery can last for five days, each package contains two batteries

2_h

Charging time

5_d

Single standby time

10_d

Dual standby time
