

## Parksperre mit Fernbedienung Funktioniert mit einer Shared Parking APP

Omni, ein Hersteller von intelligenten Schlössern, hat eine starke Forschung und Entwicklung betrieben **Parksperre** und löste das größte Problem auf der ganzen Welt, das schwierig war, ungeordnet zu parken und schwer einen Parkplatz zu finden, egal in öffentlichen Städten und anderen Dörfern.

Das Parkschloss mit Intelligenz kann das Ziel eines intelligenten Parkplatzes erreichen. Das ist also ein großartiges Management beim Parken von Autos. Was Omni Parksperre tun kann?

NO.1
