

## E-scooter che condividono il dispositivo IoT con il sistema di codici di scansione dell'APP di localizzazione GPS

Omni possiede le conoscenze e le tecnologie per lo sviluppo di applicazioni, sistemi IoT, soluzioni IoT, dispositivi IoT e gestione del backstage.

Omni può fornire le specifiche tecniche per comunicare con lo scooter utilizzando la tua App e per inviare le informazioni GPS al tuo server.

# “ FOUR ” CHARACTERISTICS

Ride easily and enjoy fun

### Multiple unlocking methods

Scan the QR code, or enter the license plate number to unlock

### Out of service area alert

The body voice horn will remind many times, and it will automatically power off if you ride out of the service area

### Intelligent positioning query

Check station distance and vehicle information to find the most suitable scooter

### Waterproof and anti-theft

The shared scooter IOT is highly waterproof, equipped with a smart chip for the car, and has an anti-theft alarm function
