

- ☑ Model Number: CW68-S300N/400mm
- ☑ Material: PC+ABS+POM
- ☑ Color: Silver
- ☑ Size: 460\*42\*56mm
- ☑ Rated Voltage: 24.0V
- ☑ Working voltage: AC100-240V
- ☑ Certificate: ROHS, CE, FCC

### ELECTRIC CHAIN WINDOW OPENER

Electric Chain Motor is widely used for motorized sliding sash, casement and skylight window etc, particular for high place hard to manual operation, works with all kinds of remote control and realize automation operation.

### STRUCTURE EXPLANATION

### DIMENSIONS

CENTER PIVOTED WINDOW

HOPPER WINDOW

Wide voltage 100-240V AC power supply; Apply to windows mounted in high, where people hard to reach. You could easily operate the windows with manual switch. It's safe and reliable.

Wide Voltage 100-240V AC power supply; Apply to windows are mounted in high position, where people hard to reach. You could also use wireless remote control to operate the windows with an external receiver. It's easy and smart, which meets more demands.

## Features

1. 100-240V AC power supply.
2. 400mm cutting length; 470mm cutting width.
3. 470mm cutting width.
4. 10000 cycles.
5. 28W power consumption.
6. 28W power consumption.
7. 28W power consumption.
8. 28W power consumption.

## Parameters

Model	Voltage	Speed	Stroke	Length	Feed	Power	Temp	Size	IP
CW68-S300N / 400mm	100-240VAC	300N / 300N	10mm / s	100 ~ 400mm	0.47 ~ 1.5m	28W	-20 °C ~ + 75 °C	460 * 42 * 55mm	IP43
