PRODUCT FEATURES

**ONE TOUCH**

Doormate can be a universal, easy do-it-yourself product that retrofits to your existing, free-running, residential sliding doors or windows.

**FREEDOM FOR YOUR PETS**

No longer have to run up and down the stairs just to open the doors for your dogs!

**LIFESTYLE WHEN HANDS ARE FULL**

It's amazing how such a small solution can create such an ease in life when your hands are full.

**CONVENIENCE WHEN ENTERTAINING**

Installed easily and works well, appears to very nice designing.

**PRACTICAL**

Super quiet and powerful. Feature rich and very versatile for integrating with home automation.
