

Efficient Parking Lot Solutions - [OMNI Car Parking Lock](#) with Auto Operations

Take control of your parking spaces with intelligent, IoT-driven auto parking locks designed for reliability and efficiency.

- **EXCELLENT MATERIAL**- With the premium aluminium alloy and 180° anti-collision support rocker arm, our remote parking space lock is not prone to deform under the impact of external force.
- **REMOTE CONTROL**- This car parking lock is equipped with a remote control for easy operation..The 20-meter precision remote control device allows you to control this parking space lock through the small control button without getting off the car, which will convenient for use.
- **RELIABLE QUALITY**- Reaching the waterproof and dust-proof IP67 level, OMNI automatic parking lock can withstand the test of harsh weather such as exposure to the sun and rain and has a longer service life.
- **ALARMING SYSTEM**- Our remote control parking lock has a built-in smart alarm system, which will continue to emit a loud alarm to remind you when it encounters an external collision.
- **FASHIONABLE DESIGN**- The round and smooth shape design, the eye-catching bright yellow paint, and the no parking sign make our remote parking lock not only beautiful but also practical.

Unibody Aluminum Alloy Housing

Smart Anti-Crash Parking Lock

Heavy-Duty
Heat-Resistant
Steel

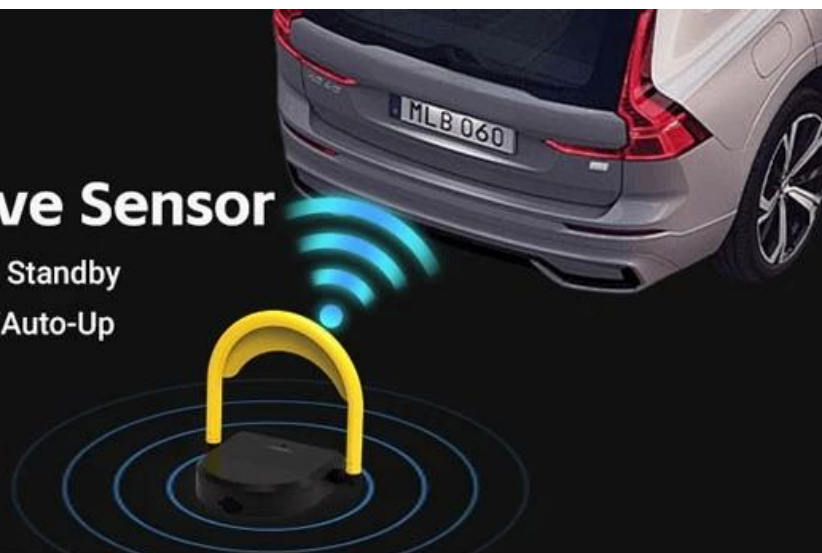

5-Ton Load Capacity, Anti-Deformation

IP67
Waterproof

24GHz Microwave Sensor

Millimeter-Level Detection · 24/7 Standby
Smart Parking Lock: Auto-Down/Auto-Up

Auto-Reset When Obstructed

Anti-Collision Auto-Reverse:
Returns to Open Position if
Obstruction Detected During Rising

Motorized Remote Lifting - No Need to Get Off The Car

Encrypted 1-to-1 Signal – No Interference,
Effortless Control

Power Supply Method of Parking Lock

Dry Battery

4× D-Cell Batteries

- No Charging Required
- Easy to Replace

Lead-Acid Battery

- 6V7AH/6V12AH
- Rechargeable

Li-ion Battery

- Requires Separate Purchase
- Rechargeable
- Long-lasting Battery

Mounting Position

Built-in Expansion Bolts - Key-Only
Access for Anti-Theft

Parking Lock Model Overview

 Bluetooth Communication	
Connection Port	Bluetooth
Network Module	None
Pair with Remote	Have

 4G Parking Lock	
Connection Port	Bluetooth TCP
Network Module	Have
Powered by 4G LTE Technology	
Pair with Remote	None

 NB-IoT Parking Lock	
Connection Port	Bluetooth TCP
Network Module	Have
Energy-efficient NB-IoT Connectivity	
Pair with Remote	None

 RS-485 Communication	
Connection Port	485/Bluetooth
Network Module	None
Pair with Remote	None
